

TIPs on PAHs Audio Description

The text “tips on PAHs” appears onscreen, with the CDC and ATSDR logos at the bottom.

Two characters are working in a factory. One character is wearing personal protective equipment (PPE), is highlighted in green, and has a check mark next to him. The other character is not wearing PPE, is highlighted in red, and has a caution symbol next to him. A pop-up appears showing fish and meat on a grill.

A man uses a steamroller to pave an asphalt road.

Two cows stand in a field. A farm and mountains are in the background. Pop-ups appear showing soil, a body of water, and drinking water.

A man has his blood drawn into a lavender-top tube.

A patient is in a medical exam room. The patient’s anatomical figure appears showing the organ systems affected by exposure to PAHs. Pop-ups show a urinary bladder with irregular masses with the words “Bladder cancer” underneath; lungs with irregular masses with the words “Lung cancer” underneath; a skin lesion with the words “Skin cancer” underneath; and warts on the skin with the word “Warts” underneath.

The patient sits on a medical exam room bed and talks with a doctor. The text “Urine tests for PAH metabolites” appears at the top of the screen. Below, there is a red “x” next to the text “cannot predict health effects,” and a green checkmark next to the text “can confirm occupational exposure in some situations.”

The patient is at a buffet and fills his plate with salad. A “no-smoking” sign appears.

The patient talks with a foreman in an office at a factory. The foreman points to a sign about PPE.

The patient is working in a factory. There is a ventilation fan. Proper PPE fades onto the patient.

The patient’s doctor talks on the phone with a specialist in occupational and environmental medicine.

The text "tips on PAHs" appears on screen. The web address atsdr.cdc.gov appears below it and the CDC and ATSDR logos are at the bottom of the screen.
