

## **TIPs on Radon Audio Description**

The text “tips on radon” appears on screen, with the CDC and ATSDR logo at the bottom.

The camera pans down a street with houses. A red square appears with the text “Rn” and “Radon.” The numbers 86 and 222 are at the top of the square. The red square disappears, and a radiation symbol appears. The radiation symbol disappears, and three pop-ups appear showing soil and groundwater, surface water, and airborne dust.

A cross-section view of a house appears. A patient sits on the ground level of the house. Radiation symbols representing radon move from the ground up into the basement and higher levels of the house. A pop-up of lungs appears. Radiation symbols representing radon move into the lungs and attach to tobacco smoke particles.

The anatomical figure of a patient appears in a medical exam room. The lungs are shown. A pop-up shows a tumor in the lungs with the words “Lung cancer” underneath.

The patient speaks with a doctor in a medical office.

A radon monitor is in the basement of a house. Radiation symbols representing radon move from the ground into the basement. A pop-up shows a closer view of the monitor which says eleven point seventy eight picocuries per liter.

Radiation symbols representing radon move from the ground upwards in ventilation pipes. There are no radiation symbols in the rooms of the house. The patient sits on a couch next to an open window and reads a book. A “No smoking” sign appears.

The text “tips on radon” appears on screen. The web address [atsdr.cdc.gov](https://atsdr.cdc.gov) appears below it and the CDC and ATSDR logo are at the bottom of the screen.
