

# After-Accreditation Promotional Materials for Enduring Activities

## Environmental Health and Land Reuse (EHLR) Certificate training Module 1: Engaging with Your Community

WD 4772

**Program Description:** This enduring activity is designed to increase participants' capacity and skills associated with land reuse activities. The goal of Module 1: Engaging with Your Community is to increase participant's capacity and skills associated with land reuse activities and to provide a basic overview of what a development community is, and the roles, responsibilities, and scope of the team.

### Objectives:

At the conclusion of the activity, the participant will be able to:

1. Identify two techniques that can be used to create an active development community
2. Describe at least two principles of community engagement
3. Describe three community engagement tools that you could use in your work
4. Explain the duties of a development community team member, including their scope of practice

### Faculty/ Credentials:

Laurel Berman, PhD, MS, Environmental Health Scientist, ATSDR

### Ce Origination Date:

April 1, 2026

### Ce Expiration Date:

April 1, 2029
