

# After-Accreditation Promotional Materials for Enduring Activities

## Environmental Health and Land Reuse (EHLR) Certificate training Module 4: Redesigning with Health in Mind

WD 4775

**Program Description:** This enduring activity is designed to increase participants' capacity and skills associated with land reuse activities. The goal of Module 4: Redesigning with Health in Mind is to provide a basic overview of site cleanup and working with community partners to fulfill their vision.

### Objectives:

At the conclusion of the activity, the participant will be able to:

1. Identify three site cleanup methods.
2. Describe why health is an important part of redevelopment plans.
3. Define healthfields with two examples.
4. Recognize how to use the Action Model in conjunction with the results described.

### Faculty/ Credentials:

Laurel Berman, PhD, MS, Environmental Health Scientist, ATSDR

### Ce Origination Date:

April 1, 2026

### Ce Expiration Date:

April 1, 2029
